Mrs. S. H. Davis Dies  
After Long Illness

After suffering with great fortitude a long illness Mrs. S. H. Davis died at 6 p.m., Friday July 7th.

The news of her passing cast a deep gloom over the community, for though Mrs. Davis, had but one year of residence in our midst, she had in that short time gained a place in our affections, and her husband who is has earned our esteem was keenly sympathized with. Mr. Davis in an effort to nurse his wife back to health had left his position as manager of the local branch of the U. G. G., and devoted his entire time to the care of his wife. Hoping that the saling atmosphere and fresh air at Salt Lake would prove effective in helping the sufferer to regain health, they had moved out to Salt Lake, but despite the best care and attention the angel of death claimed his prey.

The funeral will be held from the home of her parents in Calgary. Mr. Davis, and son accompanying the bier which left Chauvin on Saturday evening's train.

Mrs. Davis, whose christian name was Lily Theresa, was 38 years of age, a daughter of Mr. and Mrs. Neveline Garrett, late of Vancouver and now of Calgary. She is survived by her husband and little son Laurence. Three brothers, Bert Garrett of Calgary, A. E. Garrett of Calgary, and Frank Garrett, of Calgary; also sister, Mrs. Dorothy Millard, Vancouver. During the recent war she was a most strenuous worker in the Red Cross and other similar labors. Of late she has had to relinquish her public work but for all that she gained no small part in our esteem and regard, thus her loss is keenly felt by all.

## Card Of Thanks

We wish to express our very sincere thanks for the very many acts of kindness and help given during the long illness and death of our dear wife and mother. There have been so many kind acts, and such keen sympathy displayed that is is quite beyond us to adequately express our gratitude. We can but simply say "Thank you"

S. H. DAVIS, and SON.

Mrs. Ralph Felton  
Dies At Grand Rapids

It is our sorrowful duty to report that news has been received from Grand Rapids, Michigan, telling of the death of Mrs. Ralph Felton at that place on June 28th. Our information is very meager, but we learn that the death followed an operation for appendicitis. The deceased is survived by her husband, Ralph, and three children.

Mrs. Felton during her residence in our midst was an active worker in all that pertained to public welfare, and has a host of friends who will be deeply grieved by the news of her death, and feeling sincere sympathy for the bereaved husband and children. A sense of disappointment will be felt, for we had anticipated her return to the district at an early date.

## Local Veterans Pass Resolution: Seek Investigation

At a special meeting of the Great War Veterans' at Chauvin on July 8, a resolution was passed as follows: Whereas it has come to the notice of the Chauvin Branch of the Great War Veterans' Association that a petition has been circulated in and around Edgerton district with the result that several Hun ex-artillerymen have settled in the district. We the members of the Chauvin G.W.V.A. in special meeting assembled do fully endorse the resolution passed by the Provincial Executive of the G.W.V.A. that this matter be fully investigated in the interests of fallen comrades overseas, returned men at large and the country in general.

Copies of this resolution are being passed to all locals in the vicinity, also to the provincial command.

## Chauvin School Trustees Meeting

Regular meeting of the Chauvin School Board held at the Schoolhouse at 8 o'clock p.m. All members were present. Dr. Folkins presiding. Minutes of last preceding meeting were read, and Mr. Foxwell moved, Mrs. Saul seconded that same be adopted as read. Carried.

Mr. Foxwell reported the completion of the painting of the barn. The following accounts were presented and ordered paid:—on motion Mr. Foxwell

## 'C' Squadron Win Big Share Of Prizes

The picture of perfect health, resulting from 10 days encampment at militia drill, "C" Squadron, 19th Alberta Dragoons, returned to Chauvin on Thursday June 29th after a very pleasant sojourn at Winterburn Camp 13 miles west of Edmonton. The home trip was in charge of Lieut. E. A. Pitman, t.u.m.

Major Strachan and Lieut. J. A. McKenzie stopped over in Edmonton for a brief visit.

Chauvin and district have every reason to be proud of the showing made by our men this year in spite of the fact that "C" Squadron contained many new troopers who, prior to entrainment, had had very little, if any, practice.

A sports day was held on Thursday, June 22nd, Chauvin easily walking off with the lion's share of honors.

Eng. Gen. Bell, G.O.C. Military District, No. 13, inspected the troops on Monday, June 26th.

A sham battle was staged, and our men were detailed to capture a ridge of hills from a flag army.

Major H. Strachan, V.C., M.C., who won his spurs overseas for his part in eoding the Fort Garry Horse, mules behind the Jap. Cambrai, displayed his usual skill in this fight. He led his men on a wide detour and turned the enemy's right wing by a flank attack when he broke in the centre. In this attack "C" Squadron was the only one to reach the object which is the essence of training.

So well was the plan executed that General Bell remarked he didn't observe Major Strachan's outfit until it was directly upon the foe and it had been a real war the opposing force would have been wiped off the map.

An unbooked for snag was met, however, when Corporal McCarron, while trying to avoid a stump, dismounted from his horse without previous intention, but Jimmy came up smiling and was soon in the saddle again. Here are some of the "C" Squadron's honors:

1. Best saddle and horse lines.

2. Best Regimental tent at Camp.

3. Best line of tents.

The regimental tent prize was won by Sergt. E. Johnston, Sergt. C. Mathison; Corp. Don Saul; Corp. McDonald and Trp. D. Dundass.

The squadron prize was won by Corp. Gilmour, Trp. Floyd Pierce, Tr. R. Pierce, and Tr. H. Godin. To Trp. Fred Poirier goes the honor of breaking in the regimental bucking horse.

"C" Squadron had the highest average in shooting. Lieut. E. A. Pitman and Trp. G. F. Thomas won prizes in this contest.

Both officers and N.C.O.'s of "C" Squadron which was specially mentioned by General Bell for its efficiency in shooting, deserve much praise for the able manner in which they discharged their various duties while at Winterburn.

It is felt by Colonel Weaver and other high officers that a squadron which has made such a splendid record should be equipped with local quarters, and an armory may be erected here in the near future.

An auction sale of farm stock and machinery belonging to F. Peterson, will be held on Saturday, July 15th, Mr. G. Reynolds acting as auctioneer.

## Local Notes Of Interest

Manitou Lake  
Chautauqua

(By our Special Correspondent)

The grounds situated on the shores of Manitou Lake were the scene of much pleasure and instruction when the much looked for visit of the Chautauqua commenced its series of programmes on Friday last. Wandering round the grounds one was struck with the large number of vehicles present and wondering where they all came from. There was also a lunch counter and booth presided over by Messrs. Reynolds of Chauvin and Uhs of Artland respectively. As far as

one could see there were between 60 and 70 cars present on the grounds.

The afternoon programme supplied by the Clifford Foote trio was varied and interesting, the items including Trios, Duetts, Solos, one act play, and water color paintings, all of which were during the interval between afternoon and evening above a baseball game was played between teams of married versus single, which ended in a decisive win for the Benefits by the score of 11 to 6. In watching this the crowd had the opportunity of getting themselves in readiness for the evening programme, which included an opening by the Clifford Foote trio, prior to the main event of the evening, a lecture by Mr. Matthew Wayman entitled "Economic problems of Europe, and how they affect us." The lecture appealed especially to the business men and farmers, and came up to all expectations. Mr. Wayman is a clear forceful speaker, besides being one of Canada's authors and his lecture was listened to with great attention and interest. I propose dealing with the remaining three days programme in the next issue. From reports at present available it looks as if the Chautauqua is going to be a complete success financially, and that the guarantors need have little fear of having to make up any deficit.

might not be interesting to our readers.

The genial Chauvin Printer and his family motored to Edgerton Sunday for the Masonic annual service. He likes twisting through the sand hills and he likes? twisting to steering apparatus of his car. We might add that we had the pleasure of a trip with him ourselves recently.

Bishop Lloyd officiated at the evening service of the Anglican Church confirming a class of four boys and five girls. The church was packed and the service very highly appreciated. After the service the Bishop by request, kindly consented to give an address in the Chautauqua tent, choosing as his subject "Canadian Citizenship in 1922." A very large and appreciative audience listened attentively and the writer of these "echoes" regrets very much being unable to give a verbatim report of his address which was an inspiration and handled in a very able manner; but not being a shorthand expert, we can only say that we would like to have every one in this Dominion of ours hear his message.

## Bank Of Montreal

### July Crop Report

Montreal; July 6th—Below will be found a brief synopsis of telegraphic reports received at the hand office or Bank of Montreal from its branches:

General: Heavy general rains have greatly improved prospects in every province east of the Rockies, and hopes run high for better than average crops of grain and hay. British Columbia, however, is still suffering badly from drought.

### PRARIE PROVINCES

Crops continue to make good progress, needed rains have fallen and damage from pests is small.

Edmonton District. Conditions good following beneficial rain, wheat in shot blade, oats looking well, hay in some districts will be short.

Calgary District. Heavy rain somewhat late for northern part of district, where conditions of crop only fair; southern portion grain, pasture and hay good.

Lethbridge District. Conditions generally favourable; some localities suffering badly from drought have been materially improved by recent rains.

Saskatoon District. Unless general rain comes soon crops will be below the average; conditions vary, and are best in northern localities; little damage from hail.

Regina District. Crops have been fitted from heavy rain, and conditions are favorable; some losses from hail; prospects indicate average to good crop.

Winnipeg District: Crops well ad-

vanced; damage from recent violent wind and hail storm confined to comparatively small part to Province; headed out in some localities.

### PROVINCE OF QUEBEC

Cereal and root crops are looking well, but warm weather is needed. In some districts complaints are heard that there has been too much moisture; hay and pasture in splendid condition.

### PROVINCE OF ONTARIO

Rains have been general; warm dry weather would now encourage large crops; fall wheat filling out well and beginning to ripen; large crops in good condition; spring wheat, oats and barley in good condition, above average; very heavy yield of hay promised; corn a little backward; fruit good average crops looked for; pasture in splendid condition.

### MARITIME PROVINCES

Conditions generally bright. Annapolis Valley prospects are from fair to good crop of cool weather apples; hay crop practically assured everywhere—in fact, all prospects good except in limited parts of St. John Valley, where floods caused damage.

### BRITISH COLUMBIA

Weather hot and dry, rain badly needed everywhere; hay half average. Grains 70 per cent; roots 60 per cent; potatoes Ashcroft 25 per cent above average. In Okanagan water situation rather serious; apples 80 per cent small fruits above average except plums and prunes; Fraser Valley tree fruits particularly good; berries much below average. Nicola and Ashcroft report grasshopper plague.

## X.L. Stampede Was Big Success

This Stampede was an unqualified success as far as the riding and horses were concerned, but did not get the support it deserved from the public.

Some of the worst horses seen in Western Canada were sent out of the chutes and the steer bucking was hard to beat.

But the majority of this people missed the best of the riding both days, as they did not get here until noon and after, and the riding started at 9:30 the first day and 9 the second day. The promoter figures on about the same time next year.

The races were rather slow.

arrangements were of the best.

Visitors from beyond Lashburn on the north and Senlac on the south; from Unity on the east to beyond Ribstone on the west; were present, in addition to a full gathering of the local folk.

Baseball, usually the chief of the attractions at a sports day, found a heavy competition from the drawing power of the charm of the Lake beach—it may seem commonplace to those living close to the lake this year around, but truth to tell, this lake has greater charms and more health-giving qualities than many of those now being extensively "boomed"—whilst the athletic events attracted more the usual interest.

The athletic events witnessed the defeat of some of our old time champions and a fresh crop of young athletes full of promise for great things in the sports line. At the time of writing we are unable to give our readers a complete list of the prize winners, so we refrain from making an invidious distinction by naming a

few alone. It was to be noted that some of the competitors were harassed considerably by the eagerness of the onlookers who pressed forward over the track itself.

Baseball fans found interest aplenty to fill the day. Prosperity and Senlac finally linking up in combat for the first and second place in the tournament. In this Prosperity suffered a defeat but no disgrace; and we are pleased to see the rural team holding second place on such an important day.

The Champion Consolidated School raised \$30.00 for the new Children's Hospital in Calgary by holding a tea like the other Junior branches they are keen to be at the top of the list in supporting the new hospital, in which 24 patients have been cared for since it was opened.

## Successful Sports At Manitou Lake

The threatening clouds did not bar a good attendance at the thirteenth annual Manitou Lake picnic, on Saturday July 1st. If one needs further demonstration that this is one of the big events of the year, we might add that even the "thirteenth" one of the series was successful. Neither the big black clouds of the morning nor the early following Chautauqua event prevented the success of the annual Manitou Lake picnic.

The committees are to be congratulated upon their successful labors, it being commonly admitted that the

## At Edgerton

which will be long remembered by his hearers. Taking as his text the words from the opening hymn "that they may build from age to age to an undivided heritage" He visualized the first Anglican church in Canada at Halifax with its history of nearly two centuries, whilst Anglican mission work in the West was of over one hundred years duration, whilst our own part of the West had but a twenty year history. Already in the East they had built from age to age, whilst us of both in East and West had a part in building the age to follow ours. How are we building? He urged the necessity of taking a wide outlook, not looking only at the things by our feet, but looking forward to the great nation that should arise on the vast territory of Canada. A territory comparable with Europe, and larger than the United States. Our task was to uphold such a great nation. He eulogized the work of those school teachers who seeing beyond the statutory duties of imparting the knowledge called for by the syllabus, imparted the ideals to their pupils thus making them better citizens of this fair Dominion. He left his hearers thoroughly impressed with the idea that it was their happy duty to so live and work today that the moral foundations of a great nation might be well and truly laid by us each and every one.

Mrs. J. Rinde is visiting at Manito Lake.

The Security Elevator is very gay looking with its new coat of red paint.

Weed inspector Victor Dallyn reports that there is considerable weed in certain areas in the district. Active steps have been taken against this and other weeds.

Chauvin and district are sending a full quota of boys to the Clear Lake camp. We hope the lads will have a good time.

Considerable progress has been made with road work within the municipality during the past two weeks.

## PORTABLE GRANARIES

In Western Canada the value of the portable granary for farm use is recognized by every grain farmer

In the rush of threshing it is impossible at times to draw the grain to the elevators, and some means must be had on the farm to store the grain and protect it from the elements.

The value of the portable granary is that very often just at the harvest time the price of grain might not be the best that the farmer could obtain if he held his grain until a later date.

Today the farmer is alive to his own interests, and a difference of a few cents a bushel in the grain crop will pay for this building.

We have a special lot of selected guaranteed dry granary stock on hand which it will pay you to inspect before you build.

## Local Notes Of Interest

Mr Chas. Rogers, of Edgerton, was a visitor to Chauvin, Thursday.

Mr. and Mrs. A. E. Keith, and Mr. and Mrs. H. Saul left on Saturday on a motor trip to Medicine Hat

J. P. Fisher, the Chauvin baker, finds the demand for his bread steadily increasing, whilst sales of fruit and candies are increasing each week—There's a reason. It's "quality."

Cyril Smith, accompanied by his mother Mrs. T. H. Smith was a visitor to Edgerton Sunday.

On July 14th a bowery dance will be held at Salt Lake, God floor, under cover. Good music. Refreshments and lunches served on the grounds.

"Kreso Kills Kooties" use it on your stock, use it for disinfecting stables and hen houses, use it in outhouses, use it for a healing wash for sores. Price \$1.00 per imperial quart.
